WIFE DID NOT OBJECT

But Ben Igleheart of Madisonville Was Refused as a Recruit in the Army.

UNITED STATES RULE IS DEFERENT

Ben F. Igleheart, 20, Madisonville, Ky., applied for enlistment and was rejected at the Evansville army recruiting station Monday.

"I'm tired of married life," Igleheart, confessed to the recruiting officers.

He was told that married men were never taken.

"O, it's all right with my wife, she's gone to work at Sebree Springs, Ky., and want me to join the army," he said.

Dr. Williamson, the recruiting officers shook his head negatively and with decisive finality and Igleheart left.

REGIMENTAL OFFICERS

Go to Fort Benjamin Harrison to Spend Weeks of Schooling.

In a special train over the Big Four, a majority of the officers of the First Second and Third regiments of the Kentucky State Guards left Louisville at 10:30 o'clock last night for Camp Benjamin Harrison, Indiana, where they will be drilled for a week upon tactics by instructors, who have been selected from various army posts by the Secretary of War.

The officers of the Second and Third Regiments in charge of Col. J. Embury Allen, of Lexington, and Col. Jonett Henry, of Hopkinsville, respectively, arrived in Louisville at 7:30 o'clock Sunday night. They were escorted to the Louisville Hotel where dinner was served.

FREARED A LYCHING

Authorities Move Prisoner Charged With Assault on Girl.

Evansville, Ind., July 18.—Marion Sandefur, charged with criminal assault on Ruth Smith daughter of a well-to-do farmer of Bench Grove, Ky., who was arrested here Saturday night, was taken to Calhoun, Ky., today for safekeeping. It was feared that the neighbors of the outraged girl would attempt to lynch the prisoner.

It is alleged that Sandefur entered the Smith home while the girl was alone in the house and attacked her. The young woman, who is deformed and small of stature, said she would tell her father, and at that Sandefur is said to have threatened to kill her if she did.

Man Who Allowed G. B. Warner to Escape Dismissed.

Hopkinsville, Ky., July 19.—At the last regular meeting of the State Board of Control of Charitable Institutions held at the Western Kentucky Asylum for the Insane, Judge A. J. G. Wells and Dr. T. W. Gardiner, of the Board, were appointed a committee to investigate the escape of George B. Warner, slayer of Palaki Leeds, and to fix the blame if possible.

In a report made this morning the committee places the blame on John W. Miller, the attendant, who was on duty in ward 17, from which Warner escaped and on the recommendation of the committee Miller was dismissed from his position.

Warner escaped June 30, and it was reported that he picked the lock on the door while the attendant was busy about other duties. Nothing definite has been heard of Warner since his escape from the asylum.

WHAT WE WANT

Suggestions for News Items in Writing for the Twice-a-Week Bee.

The TWICE-A-WEEK BEE wants to secure at once a good correspondent from every town in Hopkins county, where we have no regular correspondent. We furnish stamps and all necessary stationery, also a copy of the TWICE-A-WEEK BEE. We wish to urge our correspondents to send us the news twice each week, if it is but one or two items. Below we print a list of subjects which will be of much assistance in writing the news. Keep it handy:

Fires,
Relics,
Births,
Deaths,
Murders,
Marriages,
Robberies,
Accidents,
Curiosities,
School News,
Church News,
Lodge Meetings,
Public Meetings,
Live Stock Sales,
Society Meetings,
Family Reunions,
Real Estate Sales,
Conditions of crops,
Conditions of Roads,
Unusual Weather Conditions,
Anything of General Interest,
Something Good About People,
Home People Visiting at a Distance.

Write plainly, especially names. Write on one side of the paper only. Don't worry about polishing sentences with faultless rhetoric. What we want is NEWS—plainly told.

Important—Mail your letters so as to reach this office not later than Saturday for Tuesday's issue; and not later than Wednesday for Friday's issue of each week.

THE TWICE-A-WEEK BEE,
Phone 47. Earlinton, Ky.

LIGHTNING HITS AN AEROPLANE

Aviator Ehrmann Escapes Uninjured. Though Machine Falls to Earth.

Barcelona, July 20.—While he was making a cross-country flight today Aviator Ehrmann's aeroplane was struck by lightning and fell blazing to the ground. The aviator escaped uninjured, which is regarded as almost miraculous.

There has never been a more startling aerial exhibition than that which Ehrmann unwillingly afforded, and those who witnessed it could hardly believe their eyes when the air man emerged from the singed framework none the worse for his experience.

He was sailing along at a moderate height when he got in the path of a sky bolt. Instantly the aeroplane was enveloped in flames, its canvas wings shriveled up and, clinging to the skeleton of its craft, Ehrmann came down with a thud.

CHAMPION SHOT

Of Kentucky Guards Almost Nosed Out by Governor Willson.

Frankfort, Ky., July 20.—Gov. Willson almost nosed out Capt. Jackson Morris today in rifle shooting for the capitol championship. Morris is the champion shot of the Kentucky National Guard. Gov. Willson's score was 47 and 46 out of possible 50, while Capt. Morris' score was 48 and 49 out of possible 50. Gov. Willson will maintain his place on the capitol team.

Locomotive Blasts.

The Monorail Car.

The wreck of the monorail car near New York City on its first trip, has not disheartened its promoters, who insist that its practicability has been sufficiently demonstrated and that the accident which injured so many of the passengers on the first trip was an incident, however unfortunate, such as may befall every new venture in rapid transit, and one which will prove of advantage in suggesting further improvements for future safety. The accident showed clearly, however, the danger of the curve in the monorail system. The superstructure was not strong enough to stand the pressure as the car flew around the curve. But there are doubtless other serious defects in the system which will be attended by special risks, and which will have to be remedied before it can be generally accepted as an ordinarily safe means of transportation.—Nashville Banner.

To realize the difference of \$4 a bale in the price of spot cotton between New Orleans and New York quotations, special trains have been chartered to bring several thousand bales to New York, over the Illinois Central and New York Central lines. The run will be made in ninety-six hours. All steamboats space has been taken, and New Orleans operators are willing to pay the 20 cents per hundred more freight tariff in order to get their staple in New York.

When the work on reconstruction of the Trans Siberian Railway by the Russian government shall have been completed the total cost of the line will approximate \$1,000,000,000, and Russia will have a complete double track system of 6,862 total miles, from the Urals to the Pacific.

General Attorney Lindley of the Great Northern says that hauling heavy Pullman cars is equivalent to an excess of more than 5,000,000 car miles by the road, which excess at an average cost per mile exceeds the total revenue from sleeping car rates. Mr. and Mrs. Julius Sippel were called to Louisville Tuesday to attend the burial of Mr. Sippel's brother-in-law, Mr. John Reynolds, fireman on the L. & N. & St. L., who was killed in a wreck near Haverhill Sunday night.

In a letter from R. E. Brooks, formerly chief dispatcher here, now in Las Vegas, N. M., says he is well pleased with the country and his new position, and he and Mrs. Brooks are both enjoying excellent health.

An order has been placed with the American Locomotive Co. for sixty-five 240,000 pound consolidation engines by the Pennsylvania, delivery to be made by force December 31.

Egie Lane, who has been working in the roundhouse for some time, made his first trip as fireman on the road Monday, when he worked to Paris, Tenn., and back.

The L. & N. pay car came through Monday and left the boys happy for 30 days, when, like clock work, it will come again.

Two extra coaches are being used on the interurban this week to accommodate the large crowds going to the fair at Madisonville. Several small wrecks last week kept a few of the regular

trains late, but no great damage was done by any of them.

Engine 2100, after a week in the shops, is again pulling the interurban.

BEST TAX PAYER IN KY.

At Age of 86 Rides Twenty Miles Back to Pay.

Hopkinsville, Ky., July 18.—Finis R. Rogers is entitled to the laurel for being the most zealous taxpayer in this county, if not in the state.

Mr. Rogers is 86 years of age and lives in the extreme western portion of the county twenty long miles from town, but at 8 o'clock Saturday morning he was standing in Sheriff Johnson's office paying the assessment the state had made against him. The old gentleman had ridden muleback to town for the sole purpose of paying his tax and as soon as this was done he remounted his steed and started on the return trip home. As he rode away from the court house he stated that he expected to reach home in time for dinner at the usual hour.

RAILROAD PRESIDENT IS KILLED BY A BURGLAR

Ira G. Rawn, Head of the Monon, Victim of Pistol in Home Near Chicago.

Chicago, July 20.—Ira G. Rawn, President of the Chicago, Indianapolis & Louisville Railway (the Monon Route), was shot through the heart and instantly killed at 1:30 o'clock this morning by a burglar who entered his summer home in Winnetka, a suburb fifteen miles north of Chicago.

The burglar forced open the basement door and was heard prowling about the first floor by Mr. Rawn, who went downstairs to investigate. Members of the family heard him say: "What do you want here?" and a shot was fired immediately afterwards.

When he hurried to the first floor Mr. Rawn was lying dead at the foot of the stairs with a bullet through his heart. The murderer, or murderers, escaped.

Good Roads.

One of the greatest and most important conventions in this country will be the third national good roads congress which has been called by the National Good Roads Association to meet at Niagara Falls, N. Y., July 28, 29, 30, 1910. The appointment of delegates is invited by the officials of every State, county and city of the United States, and by every agricultural, automobile, commercial, educational, good roads, industrial, labor, transportation and woman's organization in such number as each may determine.

A Party On Ridgeway.

The pretty little cottage of Mr. and Mrs. Ed Rule was a scene of merriment Monday evening, a party of young people being entertained in compliment to Miss Olive Gollith, who has been the guest of Miss Pansy Rule for two weeks. Games were the chief amusement of the evening, creating much mirth. Dainty refreshments were served by the hostess at the close of this most enjoyable affair.

Made a Delegate.

Frankfort, Ky., July 19.—Governor Willson today appointed Colonel John B. Atkinson, of Earlinton Delegate from Kentucky to the Appalachian Exposition at Knoxville, Tenn., this fall.

MINING NOTES.

Coal in Middle West.

Chicago.—The Black Diamond says: Coal buying for the future has been suspended along the line for cheaper prices which cannot come, because prices must advance 7 1/2 cents for higher wages, and 10 cents for higher freight rates, or about 20 cents altogether, if the operators' average profit is to be 2 1/2 cents. A year ago they had no profit. Retailers withhold orders, fearing recurrence of last season's price war among themselves, while customers are waiting for developments. Current needs for western coal, however, advanced Indiana product 10 cents this week, and the market's tone is vastly better. Coke is reasonably strong.

Nollie Umstead, chief electrician of the St. Bernard, left Tuesday morning for Cleveland, Ohio, where he will purchase some much needed machinery for the company. He will be away about a week.

Messrs. Whittier and Brasher spent a few days this week at the Shamrock mines.

Geo. Saddler is working at the Shamrock mines this week.

MRS. NANNIE W. CURTIS WILL SPEAK HERE

Well Known Temperance Lecturer Will Address Our People Sunday.

Mrs. Nannie Webb Curtis, state president of the Texas O. W. B. M. who is known in the county is a strong prohibition lecture spoken several times, in Madisonville having been in that city and arrangements are being made for her to speak. She will stop at Dawson Springs on her way out from Fulton, where she is engaged in a fight for local option, and will address the people of that city.

Mrs. Curtis is well known in the city and has many friends who will be glad of this opportunity to hear her lecture.

HELD RESPONSIBLE FOR ESCAPE OF GEO. B. WARNER

John W. Miller, Attendant, Dismissed From Western Kentucky Asylum.

Hopkinsville, Ky., July 19.—John W. Miller, the attendant who was on duty in the ward at the Western Kentucky Asylum for the Insane, from which Geo. B. Warner made his escape on June 30, is held responsible for Warner's escape in a report made at a meeting at the asylum today of the State Board of Control by the committee composed of Dr. T. W. Gardiner and Judge A. T. Wells, who were appointed at the last meeting of the Board to make an investigation. The committee recommended that Miller be dismissed from further service, and this was done by Superintendent Sights.

JACK JOHNSON'S TALK WILL PROVE COSTLY

Assessors Will Use His Boasts of Wealth in Valuing His Possessions.

Chicago, July 19.—Jack Johnson, champion heavy-weight prize fighter, will have to turn some \$700 over to Cook County as a result of boasts following a recent controversy with Geo. Little, his former manager.

Johnson, at that time, asserted in disputing Little, that he had \$30,000 in the Bank, a valuable automobile and diamonds worth \$16,000. The statement was printed and a copy retained by the County Board of Assessors. Now he will be assessed on this amount of personal property. His profits of the fight July 4 are not subject to the tax under the Illinois law, having been acquired since April 1.

Conditional Pardons May be Granted by the Governor.

Frankfort, May 20.—In a written opinion Attorney General Breathitt says the Governor has the power to grant conditional pardons or respites and return the convicts to prison if they violate the conditions upon which the pardon or respite was granted.

The Biggest Retail Business in This City Could be Created by Advertising Exclusively in This Newspaper

No business of any moment could be built up in this city without the patronage of the Readers of This Newspaper.

Any business which persistently seeks and secures the patronage of the Readers of This Newspaper can be made Big Enough to Satisfy Any Business Ambition—any mercantile aspiration.

If there is any wisdom in Concentration, then there is wisdom in a one-newspaper campaign of publicity. Such a campaign is aimed at something definite—it has direction, objective. There are no waste expenditures—no experiments, no advertising to prove your "friendliness" to some cause, or faction, or interest.

The patronage of this newspaper's readers can "make" any store—any enterprise—in this city. The Lack of it Can Quickly Unmake Any Store or Enterprise in This City.

And, more and more, this newspaper's readers are coming into the self interest habit and practice of buying things that are advertised in this paper. For they are realizing—more and more every day—that the firms that advertise in their newspaper are rendering them a Real Service. And they Appreciate it.

A Sufferer For Twelve Months.

Every other had failed: "We had just as soon be without quinine as to be out of Hughes' Chill Tonic. One of the most wonderful cures of chill and fever come under my observation. A man suffering for about twelve months from a most obstinate attack of chill and fever tried every remedy that he could hear of, all to no purpose. I persuaded him to try a bottle of Hughes' Tonic; from that time, ever twelve months ago, he has not had a chill. Sold by Druggists—50c and \$1.00 bottles.

Machine Needles, Oil and Snuff for all societies at W. J. Bailey's, phone 384, Madisonville.

If you hear any thing about the Tira Bee have the money for the collector when he comes around.

The way to keep healthy is to keep clean. Don't allow cans and trash to accumulate in your yard and alleys.

The population of Earlington has been almost depleted this week. Every train has been crowded with people attending the Hopkins County Fair.

Marion Gentry, who left here several years ago with his father for Los Angeles, Cal., is in the city shaking hands with old friends. He says he likes California very much indeed.

Will Majors, of Dawson Springs, was in the city Tuesday visiting his mother, Mrs. E. Majors. It will be remembered that Mr. Majors lost his eyesight while blasting on the M. H. & E. road two years ago.

Quite a number of our citizens attended the funeral services of the late W. A. Nisbet at Grapevine Monday. Mr. Nisbet was well liked and known in this city, having many warm personal and business friends.

John Bourland, of Madisonville, who has many friends in this city, leaves Madisonville in a short time to attend law school. We wish John much success in his chosen vocation and predict for him a bright future.

Miss Annie Moore, who is visiting friends in Boulder, Colo., is expected home next week. Miss Minnie Bourland, who went West with Miss Moore, will not be at home for three months yet, as she is attending the Colorado State Normal School at that place.

The city council has passed an ordinance compelling the property owner, owning the property across the street from Draper's tin, shop to the corner of the street going to the lake, to build a brick sidewalk. This has been needed for some time and will add largely to the value of those next week. Earlington has more and better sidewalks than any city of its size in the State.

There are several visitors in the city this week, coming to see their friends and relatives; also to witness the fair at Madisonville.

The city of Madisonville has made an ordinance against vagrants and loafers. This is a good law. We are glad that one of this kind is not needed in Earlington, as everybody works.

The Earlington Athletic Club, that has been closed for the past three months, will reorganize and have their gym rooms in the Victory building as before. This is a nice thing for the young boys and we are glad they are again organized.

A letter from First Lieutenant, and Quartermaster Brick Southworth, states that the soldier, boys who left Sunday for Ft. Benj. Harrison, arrived there safe and sound and commenced work Monday morning. They like the Fort very well and have fine quarters.

Munn Wilson, of Madisonville, known as "Walking Munn," will leave next week for Frankfort and will start from there and walk to Niagara Falls. Mr. Wilson, when elected as representative of this county three years ago, walked to the Capitol. It being 400 miles to the Falls from Frankfort, he expects to make the trip in about 30 or 25 days. He will not make any effort to break any past records.

A High Grade Blood Purifier. Go to the St. Bernard Mining Co., Incorporated, drug department, and buy a bottle of B. B. B. (Botanic Blood Balm). It will purify and enrich your blood and build up your weakened, broken-down system. B. B. B. is guaranteed to cure all blood diseases and skin humors, such as Rheumatism, Ulcers, Eczema, Syphilitic Blood Poison, Catarrh, Eczema, Itchier Humors, Rashes and Bumps, Boils, Pimples, Old Sores, Scrofula or Kernels, Suppurating Sores, Boils, Carbuncles, etc.

B. B. B. cures all these blood troubles by killing the poison humor and expelling it from the system. B. B. B. is the only blood purifier that can do this—therefore it cures and heals all sores when all else fails. \$1 per large bottle, with directions for home cure. Sample free by writing Blood Balm Co., Atlanta, Ga.

USE
ST. BERNARD COAL
Mined in Hopkins County, Kentucky, the largest coal producing county in the State. This company operates
EIGHT LARGE MINES
and produces about one-sixth of all the coal mined in all Kentucky.
Best Coal for Steam and Domestic Purposes
St. Bernard No. 9 Coal has come to be recognized, through years of satisfactory use; as the standard grade both for steam and domestic purposes, in the large territory reached by our products. Another point in favor of our coal is the fact that we have established
An Unimpeachable Record for Prompt Service the Year Around
Our mines are operated more days in the year than any mines in Kentucky and with an enormous output at command we are able to give the promptest and most satisfactory service.
ST. BERNARD COKE
is also a superior fuel and is extensively used in base burners and heating furnaces for residences or any other building that needs to be heated, and takes the place perfectly of high priced anthracite coal. This coke is extensively used in manufactories as well and is furnished in various grades.
If your Dealer does not Handle our Coal and Coke write to us.

L. & N. SHOPMEN GET AN UN-SOLICITED WAGE INCREASE

Four Thousand at Louisville Shops Find Surprised in Pay Envelopes.

Louisville, Ky., July 19.—Four thousand Louisville shop employees of the Louisville & Nashville Railroad were given a surprise to-day when they opened their pay envelopes and found therein an unsolicited increase of 6 per cent. Reports have been current for some days that the raise would be given shop employees throughout the Louisville & Nashville system, but officials of the road refused to confirm or deny this.

News of the Town

Several of our young society people attended the fair hop Wednesday night at Madisonville.

The small son of Chas. Gill fell out of a buggy Tuesday afternoon and received several small bruises. Jas. Kilroy went to Nashville to attend the funeral of Mr. Smith, father of Engineerman Larry Smith.

The young people of our city gave an impromptu dance at Webb's hall Tuesday night. Quite a nice time was had.

The blackberry crop this year is a failure on account of the heavy rains. There are very few being brought to the market.

Miller Evans is the proud owner of one of the best saddle horses ever seen in this city. He bought the horse from parties in Christian county.

One of the infant children of Capt. P. P. Price, is quite ill at his residence. Miss Fox, the trained nurse from the St. Bernard Hospital, is in attendance.

Painters Harry Brame and John McGee have painted all the company houses in Logtown and are now working on those from the Grand Leader store to No. 9 mines.

Mr. Smith, father of Larry Smith, engineerman on this division, died at his home in Nashville Saturday. His remains were carried to his old home in Columbia, Tenn., Tuesday.

Jas. H. Corbett, our photographer, has refitted the window of his new gallery and is showing some very fine work indeed. As an artist his equal is not in this part of the State.

The Danville Advocate, that has been published as a tri-weekly, has branched out as an afternoon daily. The BEX congratulates the Advocate on its push and energy and wish it success.

R. A. Day, of this city, has been secured by the fair management to play the barytone horn in the band this week. Mr. Day is a fine musician and is quite an addition to that musical organization.

Mrs. A. J. Jerguson, sister of Dr. P. B. Davis, has been quite ill at her home in Fulton, Ky. Mrs. Jerguson was raised in this city and has many friends here who will regret to hear of her illness.

Miss Maggie Turner's fine painting, representing a watermelon, won first prize at the art exhibit at the fair Monday afternoon. Miss Turner has several fine pieces of china that will be judged later in the week.

The Quality Quartet Traveling Singers will be on the stage at the moving picture show Saturday night. These people have been drawing large houses where ever they have appeared. So come out and hear some fine music.

Henry Rogers, First Lieutenant of the Earlington military company, has been promoted captain of small arm practice. This is a well merited promotion, as Mr. Rogers is a hard worker and has made the Third regiment a valuable officer.

Mr. and Mrs. Laurel Woodfolk, Mrs. and Mrs. W. G. Russell, Will Johnson and R. M. Hale, of Madisonville, was in the city Tuesday. Mr. Russell was baptised at the Christian church by the Rev. H. H. Moore and leaves in a few days for a visit to friends in New Mexico.

Col. W. A. Toombs and Ernest Rootz have made each a seven foot telescope with which to study the skies. These instruments are made so they can be moved so as to see from the horizon to the center of the heavens, or about 45 degrees scope. Both of these gentlemen are well versed in astronomy and take pleasure in showing their friends these lenses.

Fashion Notes.

Hair dressers announce a novelty in the shape of an interlocking switch.

Plymouth Rock chanteuse hats are much worn by members of the D. A. R.

An economical Easter bonnet bears a border of eggs about a spring chicken. After short wear it may be served on the table.

The "murgent" cravat is a novelty just introduced in Washington. It is made of liberty silk and bears an embroidered canope spiked.

The V that is so often set into the back of a fat man's vest is not de rigueur this spring. The higher cost of living makes an X necessary.

For \$400 one may purchase an imported gardening costume which will make the work of setting out a 20-cent rose bush doubly delightful.

Next little gasoline atomizers, pocket size, are offered for those who possess auto coats but no auto. The auto coats are also decorated with imitation grease spots.

HOW WE KNOW.

By all the collars whose white gleams

Grow soggy in the sun;

By all the trickling little streams

Which down our foreheads run;

By all the wilkins who are glad

And cool men who are glum;

By all the fans with interest mad

We know the summer's come.

By all the cooling drinks which

look

So wonderfully nice;

By all the groanings that it took

To pay for last week's ice.

By all the ninety million bugs

Which through the evening hum;

By the huge thirst which each man

lugs

We know that summer's come.

—Peoria Herald-Transcript.

Mrs. R. A. Baldwin and children are spending a week with relatives in Henderson county.

Little Ellen, the infant daughter of Mr. and Mrs. Paul Price, who has been quite ill the past week, is better.

George Thomas Baldwin, son of Dr. and Mrs. R. A. Baldwin, is quite ill of flux at the home of a grandparent in Henderson county, where the family are visiting.

Miss Olive Gollithan, after a pleasant visit of two weeks to Miss Pansy Ruse, returned to her home at Lebanon, Tenn., Tuesday accompanied by sister Ruse, who will be her guest for some time.

Charles Lamb and May, Charles Lamb did not like May. Here is a fling of his against the merry month.

"I do not mind the utmost rigor of real winter," he wrote to Bernard Barton, "but these smiling hypocrites of May wither me to death. * * * What does you poets tell about the May? It is the most ungenial part of the year, cold crocuses and cold primroses; you take your blossoms in ice—a painted sun—"

"Dummeing joy around appears,
An nature smiles as if she were."
—Westminster Gazette.

The Diving Bell.

The history of diving reaches back into the dim and distant past. Alexander the Great is said to have descended in a machine which kept him dry while the sunning hypocrites of May wither me to death. * * * What does you poets tell about the May? It is the most ungenial part of the year, cold crocuses and cold primroses; you take your blossoms in ice—a painted sun—

\$5.00 in Gold Given Away

We gave away a piano with votes for the most popular young lady. We gave away a range with numbered tickets. Now we want to give away some article that will get everyone interested and want to run it on different lines to previous ones; therefore, we are going to offer to the person sending us the best plan of giving away this article, and offering a suggestion as to the article to be given away, \$5.00 in GOLD. We want something that has not been run so much, and the novelty of the plan in giving the premium will be considered first and the prize will be awarded for this. However, we want your suggestion as to article as well.

The Bee Man Says

"You do not count for much unless people know about you. The tree that falls in the forest lies unnoticed, and the rose that blooms far from the beaten path wastes its sweetness on the desert air."

ADVERTISE

HOW often a man has cause to return thanks for enthusiasm of his friends! They are the life fountain that run down from the hills to refresh the mental desert of the despondent.

—Henry Van Dyke.

It is argued as a safer proposition to marry a young aviator who is a millionaire than an old man who is very rich.

To the man who wears a crash suit a Chicago paper says, "you'll have to do more than this to make noise in the world.

Peace prospects on the Pennsylvania lines are among the most pleasant prospects of the week for the people of the entire country.

The Louisville and Nashville railroad has created a new reason for good will among its employees by giving 4,000 employees of the Louisville shops a surprise of six per cent. wage advance in their payroll tickets for June.

We can all eat apple pies this year. Besides our own good local crop, and some others, it is estimated that the Pacific Coast and Mountain States will ship 15,000 carloads of this staple fruit, or from \$5,500,000 to 10,000,000 boxes.

A western banker claims that the West has spent eighteen million dollars for land and fifteen millions for automobiles. In Indiana it is estimated that more than three million dollars have been spent in sixty days for automobiles, and that more than 1,900 homes in Indianapolis alone have been mortgaged to buy automobiles. Hopkins county has so far escaped the slightest automobile extravagance. Although we have numerous citizens in this county who could well afford to own medium cost cars, there is not one automobile owned in the whole of the county. And Hop-

kins stands very well in wealth, by comparison with other Kentucky counties. But this may not be imputed to sober virtue and business prudence alone. The naked truth is that many who would like to ride with the wind are afraid of the whirlwind—if they should chance to make somebody's nag run away. There would be popular opinion and the trial by jury.

GOOD NEWS

Many Earlington Readers Have Heard it And Profited Thereby.

"Good news travels fast," and the thousands of bad backs sufferers in Earlington are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is laid no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading. John Franklin, Earlington, Ky., says: "For three years my kidneys were disordered. When I stooped or lifted, sharp twinges darted through my loins and there was a almost constant pain in the small of my back. I tired easily, frequently suffered from headaches and was also bothered by dizzy spells. I was caused additional annoyance by the frequent passage of the kidney's secretions, it being necessary for me to arise several times during the night. I finally procured Doan's Kidney Pills and received such prompt relief from their use that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pills too highly."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
